Editor's Note

Dear ZANC Community,

August was a busy month for our ZANC Board, who organized four fantastic events: the Mukta prayers, the Navroz party, the AI class, and the Car Rally. Each of these required significant planning and preparation, which is especially impressive given that the organizers also balance full-time jobs and family responsibilities. A heartfelt THANK YOU to each one of our Board Members (and their families) for their time, effort, and dedication in making these events such a success. And the good times are not over yet! As we roll towards the end of the year, we've got more exciting member events on the way - including a cooking demo, the always popular Halloween contest, and a bingo bash - so keep an eye out and be ready to sign up! In other great news, the New Community Center fundraising initiative is on fire, with a whopping \$115,000 raised in the last two months - all made possible by the incredible generosity of our community.

As we head into Fall, the newsletter committee would love to hear from you! Share your favorite book with us, and we'll feature it in next month's issue. (See pg. 15 for details). Finally, if you missed the Navroz Naatak, you can see it [HERE](#). 🍁 Happy Reading 🍁

AUGUST

MEANINGFUL MOMENTS OF MUKTAD

Bay Area Zoroastrians came together at the Dar-e-Mehr last month for five days of Muktdad, a sacred time of remembrance and reflection for the souls of our loved ones. Prayers were led by Dasturji Kobad, with heartfelt contributions from Farhan Panthaki and Viraf Motafram. The Muktdad prayers took place from Aug 10th to Aug 14th followed by a Navroz Jashan and potluck on Aug 15th.

NAVROZ DINNER AND DANCE PARTY

This year's Navroz Party, which took place at the Shubham Halls in Sunnyvale on August 16th, was an absolute blast, with delicious food, lively dancing, a hilarious Parsi Naatak and a cute skit by the z-class students. **Many thanks to the Vadivala family for bringing us the Naatak and to Azita Patel for directing the kids' skit.** Families and friends, decked out in their finest, gathered around the lively photo booth capturing memories filled with laughter. It was a night that truly brought the community together to celebrate Navroz in the most rocking way! 🎥 [Click HERE](#) to watch the Naatak 🎥

NCZC (Northern CA Zoroastrian Center) UPDATE

We have joyful news to share this month: our fundraising has passed \$1.5 million for the New Community Center, including **\$115,000 raised in just the last two months.**

The NCZC Committee would like to thank everyone who has contributed so far. 🙏🙏
With your continued support, we will be on our way to our \$5 million goal soon!!

Now let's answer some of your FAQ's from our recent survey:

1) Why can't we use the funds to refurbish the existing center?

The funds were collected specifically for the New Community Center and cannot be repurposed. After years of study and consultation with land use attorneys, civil engineers, and county planners, it has been determined that the Dar-e-Mehr cannot be expanded, its current use cannot legally continue, and refurbishment is not a viable option. Both ZANC and PZO Boards are now aligned on a new center as the best path forward.

2) If we aren't refurbishing the current center, what will happen to it?

It will remain in the Guiv Trust and continue to be part of our community's assets.

3) I'm not comfortable giving until we have a property identified. What should I do?

You can make a pledge instead of donating right away. Pledges help us gauge community commitment, refine our search, and plan our working budget.

🕒 Hurry! Pledge or Donate to secure the \$50K matching funds by Sept 30th 🕒

READY TO SUPPORT? Check out the many ways you can give:

PERSONAL DONATIONS: Donate Online, Send in a Check, Direct Bank Transfer

COMPANY PROGRAMS: Corporate Matching, Stock Donations, RMDs

Have questions about bank or stock transfers, pledge forms, or anything else?

COMMUNITY NEWS

From Curious to Confident: AI Basics with Shiraz Kanga

On Sunday, Aug 24th, forty-five eager learners joined an engaging zoom class led by ZANC member, **Shiraz Kanga**, on how to understand and use AI in our daily lives. With interactive slides and simple, relatable examples, he guided this beginner-friendly session, to help participants explore how to use AI effectively - highlighting its advantages, limitations, and most importantly 'the art of good prompting'.

Shiraz has worked as a computer engineer in the Bay Area for over 30 years. In 2023, he developed a keen interest in Artificial Intelligence and has since immersed himself in this transformative field. Since July 2024, he has been teaching AI to beginners, making complex concepts approachable and engaging. Beyond the classroom, Shiraz leads a vibrant WhatsApp group where he hosts informative sessions for computer professionals and builds connections among those eager to explore this fast-paced field.

The ZANC community would like to THANK Shiraz for all the time and effort he put into this educational session to help us all understand a complicated topic.

YOUTH ENGAGEMENT

Z-CAMP A BIG SUCCESS!

The annual [Z-Camp](#), which was held in San Jose from July 24th to 27th, brought together 91 enthusiastic campers aged 13 to 17 for a fun-filled gathering centered on service, engagement, and building community. Through thought provoking discussions, games, and group activities, campers built camaraderie, had tons of fun and formed new friendships within the Zoroastrian community (all without their

cellphones 🙄). **A HUGE THANKS** to the camp organizers, daily volunteers who prepped and cooked for over a 100 people, and the wonderful counselors who took time away from work and family to mentor the spirited campers for four days.

IN THE SPOTLIGHT

Zia Mehta

This month, we're excited to spotlight ZANC's own rising star - a recent high school graduate and passionate animal lover, Zia Mehta. From caring for pets to dreaming big about her future, Zia's journey is just getting started, so let's hear what she's got to say!

Hi, **my name is Zia Jokhi Mehta** and I am from San Jose, CA. I graduated from Evergreen Valley High School this year and will be **attending Washington State University** this fall to major in Animal Science on the Pre-Vet track. My dream is to eventually become a Veterinarian with a specialization in surgery, and hopefully open up my own emergency hospital.

Animals are my passion, and being a Veterinarian was the only career path I have ever considered. I love to volunteer at local farms/animal shelters and spend time doing veterinary relief work in underprivileged areas. I have traveled internationally to assist veterinarians in life-saving surgeries for animals whose families couldn't afford care, an experience that not only touched my heart, but also strengthened my dream of specializing in surgery. One day, I hope to open my own veterinary hospital that will provide low-cost emergency care for animals in my community, while also offering high school students the opportunity to gain hands-on clinical experience from a young age.

In my free time, I love to hang out with animals, crochet, watch TV, and go shopping 😊. But my most favorite thing to do in this world is to spend time with my bestest friend - **my sweetest dog Loki**.

My family, while saddened by the distance that will be created by my going away to college, has been unwavering in their encouragement and support for my career. I have one **sister, Shireen**, and two loving, supportive parents, **Sanobar and Hector Mehta**. All the opportunities and experiences I've had would not have been possible without them, and I hope to make them proud every step of the way!

What is a Ghambar and why do we celebrate it?

Ghambar (or Gahambar as they are originally known) are seasonal festivals when Zoroastrians come together for communal gatherings, feasting, resolving conflicts and giving thanks for God's six creations. According to Zoroastrian lore, it was during these six periods that the elements of nature (sky, water, earth, plants, animals and humans) were created by Ahura Mazda.

Traditionally, each Gahambar is a five day celebration that is held at six different times of the year based on agricultural and seasonal cycles:

Mid-spring (Apr 30 - May 4) Herding time (Oct 12 - Oct 16) Mid-summer (Jun 29 - Jul 3)
Mid-winter (Dec 31 - Jan 4) Harvest Time (Sept 12 - Sept 16) Mid-path (Mar 16 - Mar 20)

The word *Gahambar* is derived from 'Gahan Bar,' meaning the time of fruition and harvest. These are joyous occasions where both the wealthy and the less fortunate come together in celebration. During this time, community members volunteer to prepare and serve the meals, without regard to status, as everyone sits together and shares the same food.

Gahambar are a living demonstration of beliefs, principles and values cherishing the seven acts of goodness that one should strive for: Charity, Generosity, Honesty, Piety, Community Participation, Speaking Well of Others and Remembering our ancestors.

At its heart, Gahambar is more than just a festival - it is a celebration of community, tradition, and the enduring values of charity, unity, and gratitude that guide Zoroastrians. By coming together to share meals, honor nature, and strengthen bonds, the community keeps these timeless traditions alive, passing their lessons of generosity and harmony to future generations.
